SCHOONMAKER'S
EFFERVESCENT
LITHIA TABLETS
Each Tablet
Contains 5 Grains Citrate Lithia
One Tablet dissolved in a glass of pure water makes a Lithia Water which is stronger and more reliable than the natural lithia water
Manufactured by
F. W. SCHOONMAKER,
PHARMACEUTICAL CHEMIST
42nd St., Cor. Park Ave., NEW YORK

Lithium Urate is the most soluble salt of uric acid and for this reason the Lithium Salts are more valuable in correcting uric acid diathesis and thus relieving rheumatic and gouty affections than the other alkaline salts.

Lithium citrate becomes carbonate in the system, enters into the circulation and is excreted as carbonate.

The great inequality of natural waters is shown by the recent analysis of Prof. E. WALLER, of School of Mines, Columbia College, as published in the Jour. of Am. Chem. Soc.

Some were entirely destitute of lithia and others ranged from mere traces to but 2.4 grains per gallon. Lithia water made with the Effervescent Lithia Tablets, contains in each gallon the equivalent of 48 grains of Lithium Citrate or nearly 5 grains of Lithium.

Taken as carbonate it is more apt to irritate the stomach than when taken as citrate, hence in Effervescent Lithia Tablets the carbonate is changed into Citrate during the reaction and effervescence, and changes back to carbonate in the circulation.

Each tablet contains three grains Citrate Lithia. Sold in bottles containing 50 and 100 tablets at 50 cts. and $1.00. 100 tablets are equivalent to six gallons Lithia Water.

By mail on receipt of price. Send for sample.

FALKIRK,

JAMES FRANCIS FERGUSON, M. D.

DAVID H. SPRAGUE, M. D.

On the High'ands of the Hudson, near Central Valley, Orange County, New York. A home for treatment of nervous and mental diseases, and the alcohol and opium habits.

Falkirk is 800 feet above sea-level; the grounds cover over 200 acres, are well shaded, and command a magnificent view. Within them is a lake of pure water covering over 50 acres. The buildings, constructed on the cottage system, are new, steam-heated, and lighted by gas, and the water-supply is from pure mountain springs. All the living rooms face southwest, and every provision is made for comfortable home-living. The best methods in sewerage have been followed, and the arrangements for comfort and recreation include a sun-room, steam-heated in winter, for sun-baths and indoor exercise.

Dr. Ferguson and Dr. Sprague may be consulted at their office, 168 Lexington Avenue, New York City, on Tuesdays and Fridays, between 11.30 A. M and 12. 30 P. M., or by appointment, or may be addressed at Central Valley, Orange County, New York.

LITHIA WATER contains Lithium Bicarbonate	85.191
VICHY WITH LITHIA " "	34.104
CARLSBAD WITH LITHIA " "	34.104

My Waters are used and indorsed by over 400 Physicians.

Lithia Water and **Vichy with Lithia** were introduced by me in 1864, and received by the medical profession with so much favor that quite a number of **so-called Lithia Springs** have been brought to public notice, which, however, like most springs, contain no lithia or only traces.

Carlsbad with Lithia has been recently added.

Lithia in American Mineral Waters.

According to results obtained by DR. ELWYN WALLER, Professor of Chemistry at the School of Mines, in his very interesting paper on the "Determination of Lithia in Mineral Waters," it takes **370 gallons** of **Buffalo Lithia** to get **as much lithia as** contained in a **single six-ounce glass** of **Carl H. Schultz's Lithia Water,** or, in other words, **to get a single grain of Lithium Bicarbonate, it would be necessary to drink 92½ gallons of Buffalo Lithia.**

The complete analysis of each water is on the bottle, and the waters are guaranteed to agree with these analyses.

Dr. Brush's Kumyss.

A Good Food and Refreshing Drink.

Will be retained, as a general rule, by stomachs that reject everything else. In febrile diseases it does not produce biliousness like an ordinary milk diet, but quenches the thirst efficiently, and at the same time nourishes the patient abundantly. Prepared from the whole milk of my own cows. These animals are perfectly healthy, fed and cared for properly under my own personal supervision.

THE SANITARIUM
BATTLE CREEK, MICH.
Incorporated, 1867
Reorganized, 1876.

The largest, most thoroughly equipped, and one of the most favorably located in the United States. It is under strictly regular management. Eight physicians, well trained and of large experience. A quiet home-like place, where "trained nurses," "best care," "massage," "faradization," "galvanization," "static electrization," "Swedish movements," "dieting," "baths," "physical training," and all that pertains to modern rational medical treatment, with first-class hotel conveniences, can be had at reasonable prices. A special hospital building (100 beds) for surgical cases, with finest hospital facilities and appliances, and absolutely devoid of usual hospital odor. Lakeside resort, pleasure grounds, steamer, sail boats, etc. An elevated, salubrious and picturesque site. Not a "pleasure resort," but an unrivaled place for chronic invalids, who need special conditions and treatment not readily obtainable at home. For particulars, address,

"DR. DADIRRIAN'S MATZOON"

According to chemical analysis contains ***double*** the ***amount*** of nourishment found in Koumys. (*See Merck's Bulletin, No. 182, 1893.*)

Dr. Dadirrian's success has brought out, as usual, several imitations of Matzoon under similar name. To guard against these inferior preparations doctors are specially requested in ordering to specify

DR. DADIRRIAN'S MATZOON.

Matzoon is prepared under Dr. Dadirrian's personal supervision, from the best and purest cow's milk only. Being always carefully sterilized before fermentation, the transfer of tubercular or other germs of disease is absolutely prevented.

In Matzoon, during the fermentation, the casein is minutely subdivided which will never curdle in the stomach like milk, and the milk sugar is converted into lactic acid without the elimination of any perceptible carbon dioxide.

DR. DADIRRIAN'S MATZOL

is made of 50 per cent. best Norwegian Cod Liver Oil and Matzoon.

Matzol is a carefully prepared emulsion, not a saponified mass, and is neither medicated nor flavored, readily assimilable and is very agreeable to the taste.

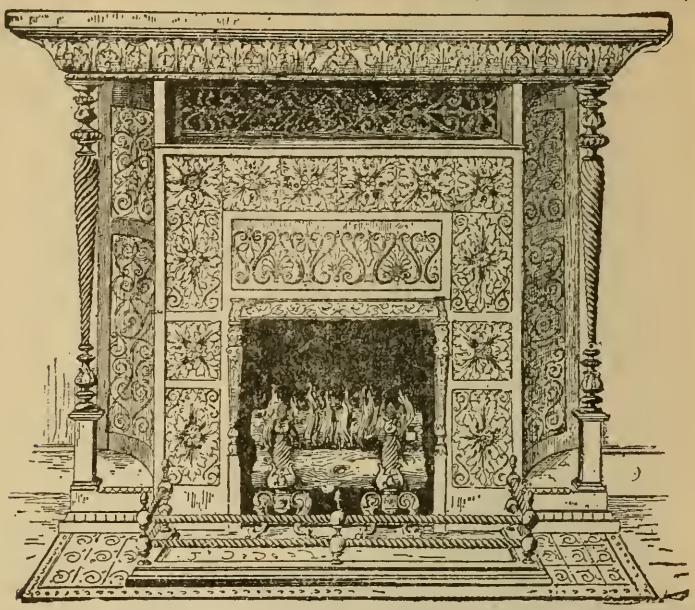
LADY ATTENDANT.

BACKUS MANUFACTURING COMPANY, WILLIAMSPORT, PA.



THE BACKUS HEATER is a miniature Steam Plant with highly ornamental mantel or tiling attached and an open fire-place with gas for fuel. Every unit of heat is utilized by perfect combustion without the trouble, annoyance, dirt and ashes of a coal or wood fire. It is the most healthful system known and upon this point the Backus Co. are ready and willing to challenge the world. The fact is, as demonstrated by figures that cannot deceive that gas at regular rates as used by the Backus system is less costly in use than coal. No Waste, No Odor, No Smoke, No Ashes. The above facts are greatly appreciated by thousands whose testimonials we hold. Can be placed in ordinary mantel or in any room where there is no chimney. The public cordially invited to call and examine.

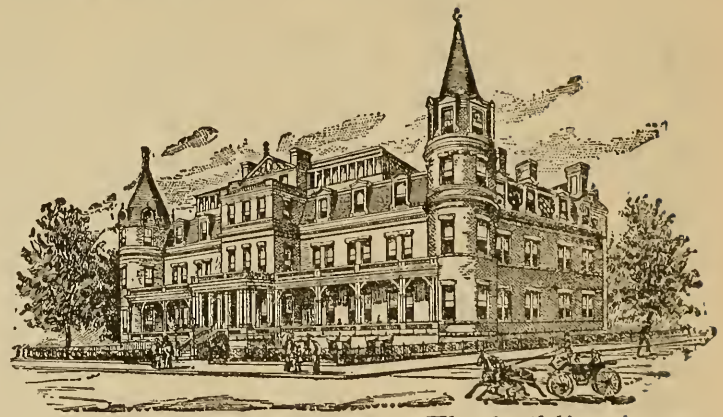
DR. WILLIAM A. HAMMOND'S
SANITARIUM

For DISEASES of the

NERVOUS SYSTEM,

WASHINGTON, D. C.



THE Sanitarium is situated on Columbia Heights, at the corner of Fourteenth St. and Sheridan Avenue. The position is the highest in the immediate vicinity of Washington. The soil is dry and all the surroundings are free from noxious influences. The Fourteenth street cable cars run almost to the door. The building is very large, and in its construction every sanitary requirement has been fulfilled. The number of patients is limited to twenty. Electricity in all its forms, baths, douches, massage, inhalations, nursing, etc., are provided as may be required by patients, in addition to such other medical treatment as may be deemed advisable. The building is heated throughout by steam. For further information DR. HAMMOND can be addressed at the

PUBLISHED UNDER THE AUSPICES OF THE

MEDICAL SOCIETY OF THE COUNTY OF NEW YORK.

NEW YORK:

1893.

(Price, $1.00.)

Entered according to Act of Congress, in the year 1893, by Daniel Lewis, in the Office of the Librarian of Congress, at Washington, D. C.

PREFACE.

THE MEDICAL DIRECTORY OF THE CITY OF NEW YORK is published by the County Medical Society for the use of its own members and for the general profession.

It contains as nearly a complete list as can be obtained of all physicians who are *legally qualified practitioners* of medicine in this city, a list of members of the Medical Society of the County of Kings (Brooklyn) and of the Medical Society of the County of Westchester. Other material of interest to medical men and the public is to be found in the book.

The author desires hereby to acknowledge his obligations to all whose coöperation has been of great value in the preparation of this eighth volume of the Directory.

Pharmaceutical Preparations,

FLUID AND SOLID EXTRACTS, ELIXIRS, SYRUPS, OINTMENTS AND

Soluble Coated Pills

Comprising all the Officinal Pills of the Pharmacopœia.

Unequaled in regard to Purity of Composition,
Solubility of Coating, Uniformity in Size,
and Perfection of Form and Finish.

NO argument is required to convince the intelligent physician that purity, uniformity and conscientious adherence to acknowledged standards are necessary if manufactured medicines are to be used. In other words, *the physician's success and reputation are dependent, to a great extent, upon the reliability of the medicines he prescribes.* It is important, therefore, that due care should be exercised in the selection of preparations which are above reproach, and physicians in prescribing should be particular to specify those which they find from tests to be as represented.

Conscientiously appreciating the responsibility involved in manufacturing goods of this character, we employ every safeguard against error that thought and experience can suggest, and assure the profession that they may prescribe our products with as much confidence as they would those made by their most trusted pharmacist or by themselves.

W. H. SCHIEFFELIN & CO.

In prescribing be particular to mention Schieffelin.

Soluble Hypodermic Tablets.

These Tablets are readily and absolutely soluble in ten minims of water. They are combined with an unobjectionable base, and do not cause abscesses.

TABLET TRITURATES.

Prepared according to Dr. ROBERT M. FULLER'S Method.

An easy, economical and accurate method of dispensing medicines in a compact and palatable form.

WINE OF COCA.

A DESIRABLE DIFFUSABLE STIMULANT AND TONIC.

MENSMAN'S
PEPTONIZED BEEF TONIC.

Ferro-Phosphorated Elixir of Calisaya Bark.

A combination of the Pyrophosphate of Iron and Calisaya never before attained, in which the nauseous inkiness of the iron and the astringency of the Calisaya are overcome.

PURE COD-LIVER OIL.

Manufactured on the Sea-Shore from Fresh and Selected Livers.

This Oil is manufactured by us on the sea-shore, with the greatest care, from fresh, healthy Livers, of the Cod only, without the aid of any chemicals, by the simplest possible process and lowest temperature at which the Oil can be separated from the cells of the Livers. It is nearly devoid of color, odor, and flavor—having a bland, fish-like, and, to most persons, not unpleasant taste.

BEEF, WINE, AND IRON.

Is composed of a perfectly pure SPANISH SHERRY WINE, assuring a reliable, diffusive STIMULANT ; combined with recently expressed BEEF JUICE, as a NUTRIENT.

ELIXIR PHOSPHATE IRON, QUININE AND STRYCHNIA. Each teaspoonful contains one grain Phosphate Iron, one grain Phosphate Quinine, and one sixty-fourth of a grain of Strychnia.

RELIABLE ANIMAL VACCINE.

KRESIN. : : : : :

A powerful antiseptic and disinfectant, completely and clearly soluble in water, for medical, surgical and hygienic use. An excellent deodorant and germicide in very dilute proportions. It destroys all contagious germs and foul odors and is therefore excellently adapted for the disinfection of excrementitious matter, water closets, vaults, zincs, wastepipes, etc. It also destroys mould, fungi, and dry-rot in houses.

Endorsed by prominent physicians and extensively used in the Berlin Hospitals.

According to experiments made at Dr. E RITSERT'S pharmaceutical, bacteriological and chemical institute, at Berlin, the antiseptic and disinfectant action of **KRESIN**, is far superior to that of Creolin and Lysol.

KRESIN is supplied in one pound bottles and ten pound cans.

DIABETINE. : : :

The only innocuous and palatable sugar for Diabetics A nutritive as well as an article of real enjoyment, which is completely oxidized in the system of the diabetic patient and therefore it is a positive substitute for sugar. It can be taken without harm and most nearly approaches the ideal carbohydrate food, indicated in diabetes.

QUININE CHOCOLATES

(REGISTERED IN U. S. PATENT OFFICE.)

THE Chocolate used in the preparation of these tablets disguises the bitter taste of the Quinine without in the least imparing its therapeutic value. They are suitable in the entire range of conditions where Quinine is indicated, but are especially recommended in the subacute and chronic forms of malaria, characterized by headache, neuralgia, loss of appetite, and general *malaise*. They are quite palatable to children, and, for this reason, will be found invaluable in entero-colitis, and other spring and summer complaints; or, as a restorative tonic in all cases of debility. The Chocolates are unequaled as an elegant and reliable prophylactic for persons residing in or passing through malarial districts. Each tablet contains one grain of tannate of quinine; the dose, therefore, ranges from one or two daily, to a dozen or more, repeated as often as necessary, according to circumstances, or as directed by a physician. Retail price, 50 cts. per box.

EXTRACTS FROM THE BY-LAWS OF THE COUNTY MEDICAL SOCIETY.

"The annual meeting of the Society shall be held on the fourth Monday in October.

"Stated meetings shall be held on the fourth Monday of every month except in the months of June, July, Angust and October.

"Nominations for the officers, censors and delegates, to be elected at the annual meeting, shall be made at the stated meeting in September.

"Members whose dues are unpaid shall not be candidates for any official position in the Society, nor shall they be entitled to vote.

"Every candidate, before signing the By-laws, shall be required to pay an initiation fee of two dollars, together with the current dues, within three months from the date of his election.

"No person shall be eligible for membership in this Society who is a member of a County Society not entitled to representation in the Medical Society of the State of New York.

"The Comitia Minora shall recommend no applicant for admission to membership unless he be a graduate from a medical college in good standing or a licentiate of a regular unsectarian State or County Medical Society of this or any other state; or, if his diploma or license be of sectarian character, unless the applicant declares in writing his or her abnegation of sectarian principles and practice."

Resolution Adopted October 28, 1889.

"*Resolved*, That, hereafter, members two years or more in arrears of dues shall have their names omitted from the published list of the Society; and that while thus in arrears such members shall receive neither the notices of the Society's meetings nor its publications."

THE MEDICAL SOCIETY OF THE STATE OF NEW YORK.

ORGANIZED IN 1806.

"EACH County Medical Society is entitled to as many delegates as there are Assembly Districts in the county of which it is the society."

The Medical Society of the County of New York is, therefore, entitled to thirty-four delegates, whose term of office is three years.

"Delegates who have attended, as such, two annual meetings of the State Society become eligible for election as permanent members."

"The Annual Meeting is held in the city of Albany on the first Tuesday in February in each year."

SYNOPSIS OF MEDICAL LAWS OF THE STATE OF NEW YORK.

The practice of medicine in the state of New York is epitomized in Article 8 of the health law of 1893. A *diploma* has ceased to be a license to practice medicine unless endorsed by the Regents of the University of the State of New York. No diploma of any character may be endorsed by them subsequent to August 1st, 1895, and diplomas issued to persons previous to that date can be endorsed *only* if issued to those who had matriculated as students of medicine in some duly incorporated medical college in the state of New York previous to June 5th. 1890.

A *license* granted after examination by a state board of medical examiners in the United States may be endorsed by the Regents provided that the standard of acquirements exacted in obtaining said license was not lower than is required by the rules governing the granting of licenses in the state of New York.

Persons lawfully authorized to practice medicine in the state of New York previous to September 1st., 1891, are exempt from all the provisions relating to the right to practice medicine as defined in Article 8, Chap. 661, Laws of 1893.

After Sept., 1st. 1891 (a diploma not being a license to practice medicine in the state of New York excepting as stated in paragraph 2), all persons desiring to enter upon such practice must submit to an examination for license. The examinations are conducted by sworn officials of the Regents office who are not connected with any of the boards of state medical examiners.

There are three boards of state medical examiners, appointed respectively on the recommendation of the Medical Society of the State of New York, The Homœopathic Medical Society of the State of New York and the Eclectic Medical Society of the State of New York, by the Regents of the University. These twenty-one examiners submit sets of questions in Anatomy, Physiology and Hygiene, Chemistry, Surgery, Obstetrics, Pathology and Diagnosis, and Therapeutics, Practice and Materia Medica. Through a committee of six members, two from each board, these questions are reviewed and arranged and subsequently forwarded to the Regents as the recommendation of the examiners for examination purposes.

At a given examination the same questions are submitted to all candidates in all topics excepting in Therapeutics, Practice and Materia Medica. In this latter topic the candidate, electing in his application paper the board which he desires to have mark his answer papers, is asked questions prepared by that board.

Before being admitted to examination for license the applicant must produce sworn evidence

(1) That he is at least twenty-one years of age;

(2) That his moral character is good; this requires certificates from two reputable physicians;

(3) That he holds a medical student's certificate of preliminary academic education;

(4) That he has attended not less than three full courses of lectures in a medical college registered by the Regents as maintaining a satisfactory standard;

(5) That he has received the degree of bachelor or doctor of medicine, if graduated from a medical school in the United States, or has had conferred upon him in some foreign country a diploma or license entitling him to practice all the branches of medicine and surgery, where conferred.

A fee of $25 must accompany each application.

"The Regents may in their discretion accept as the equivalent for any part of the 3rd and 4th requirement, evidence of five or more years, reputable practice of medicine provided that such substitution be specified in the license."

All requirements having been satisfied a card of admission is issued to the candidate which entitles him to appear at the next succeeding examination.

Examinations for license to practice medicine in this state will be held as follows:

Friday	Therapeutics	

Thanksgiving Week the subjects for Thursday and Friday are given on Monday:

Obstetrics, Monday, 9:15 a. m.—12:15 p. m.

Pathology and diagnosis, Monday, 1:15 p. m.—4:15 p. m.

Therapeutics, Monday, 7:30 p. m.—10:30 p. m.

Fifteen questions are submitted in each topic, of which the candidate must answer ten and no more.

Each question has a value of ten points, the total value of the ten questions if answered correctly being 100 points.

The total value of each paper must be 75 points, otherwise the candidate is rejected and must be re-examined for license at some future time.

If a candidate be rejected in but one of the seven topics and his total average is 80 or more, he may at the next subsequent examination be re-examined in the one topic alone in which he was rejected without paying any additional fee; if he receives 75 or more points at this second examination, license is accorded him.

If a candidate be rejected in more than one topic or if his total average after rejection in but one topic is below 80 he must study six months before he can be re-examined without paying an additional fee. Candidates desiring to be re-examined within six months must pay an additional fee of $25. If the failure is from illness or other cause satisfactory to the Regents they may waive the required six months' study.

Candidates are examined under a different number in each topic, a sealed envelope with the corresponding nunber containing the candi-

date's name in his own hand-writing under a statement that he has neither given nor received aid, furnishing the key after the answers have been marked.

No candidate is allowed to have about his person any book, pamphlet or document of any character bearing in any way on the subject of the examination.

Conversation and all communication between candidates is strictly prohibited.

Answer papers must contain no writing other than the number of the candidate in that topic, the board which is to pass on his qualifications and the place of the examination.

All examinations are in writing and questions as well as answers must be in English.

Before entering upon the practice of his profession every licentiate must register his name, age, date and authority to practice, at the office of the County Clerk of the County in which he locates, in a book set apart for that purpose, the fee being $ 1.

To register on removal from one county to another it is necessary to file a transcript of the original registration, endorsed by the Regents as being entitled to registration, with the County Clerk of the County into which the physician may move, the fee being 25 cents.

Violation of the provisions of the medical law is punishable by a fine of $50 for every day, and also $50. per day for every day of unlawful practice.

Falsely appending the letters M. D. or assuming the title of doctor so as to convey the impression that he or she is a lawful practitioner of medicine or any of its branches is punishable as a misdemeanor and conviction of a first offence is punished by a fine of not less than $250. or imprisonment for six months.

For application blanks, copies of the law, information as to equivalents of medical student certificates and all other points requiring more explicit information, address

MEDICAL STUDENTS' EXAMINATIONS.

AN ACT

To provide for the preliminary education of medical students. Laws of 1889, ch. 468, as amended by laws of 1890, ch. 499.

SECTION 1. Before the regents of the University of the State of New York or the trustees of any medical school or college within this State shall confer the degree of doctor of medicine on any person, they shall require him to file with the secretary or recording officer of their university or college a certificate *signed by the Secretary of the University of the State of New York*, showing *either* that *he possesses the degree of bachelor or master of arts, of bachelor or master of science, or of bachelor or doctor of philosophy, received by him from a college or university duly authorized to confer the same, or that, during or* prior to *the first year of his medical study within this State*, he passed an examination conducted under the authority of the regents of the University of the State of New York, or by the faculty of a medical school or college entitled to confer the degree of doctor of medicine, in accordance with the standard and rules of said regents, in arithmetic, grammar, geography, orthography, American history, English composition, and the elements of natural philosophy, or in their substantial equivalents approved by said regents; *or that he possessed qualifications which the regents considered and accepted as fully equivalent to the above-named qualifications.*

§ 2. This act shall not apply to persons who have already entered upon the prescribed three years' study of medicine, nor shall it alter the time of study or the courses of medical instruction required to be pursued in the medical colleges of this State by existing statutes.

United States Posological Chart,

For the use of Physicians, Pharmacists and Students.

By BERNARD GORDON, M.D.,

Clinical Assistant in Department of Surgery, Post-Graduate Medical School and Hospital, and Attending Surgeon Beth-Israel Hospital, New York.

This chart contains the doses in grains and grammes of **all the officinal** *remedies for internal use, also British, German and other valuable and new preparations. The doses of the U. S. and Br. preparations are based upon the last edition of the United States Dispensatory, to those of other countries upon their respective authorities, and the doses of the newest remedies are taken from the International Medical Annual, special monographs and journals. The chart contains also brief tables of Antidotes and Solubility of Drugs.*

N. B.—Many prominent physicians expressed high opinions of this chart. The idea of having so complete a dose table in form of a chart, which can be hung up on the wall in the office and serve as a useful ornament, is quite novel and is favorably taken by both the medical and pharmaceutical professions. If the purchaser of a copy will have an occcasion only once or twice to save the time and trouble of consulting a voluminous work on the dose, or solubility of a drug, or an antidote, he will then have sufficient proof of its usefulness.

PRICE, 25 CENTS.

For sale by DICK J. DUBBER, 226 East 20th St., N. Y.

Mailed to all parts of the United States on receipt of price.

"Diet His Sickness."

— *Comedy of Errors.*

In years agone "dieting" meant something very different from the modern acceptation of the term :

Then it meant
STARVING.
Now it means
RECONSTRUCTING.

A weakened nutrition affords a favorable opportunity for the development of pathogenic processes. Therefore in order to circumvent disease, one must fan the vital flame until it becomes a vigorous fire.

LIQUID PEPTONOIDS possesses all the essential qualities requisite for the enhancement of nutrition. It is ready for immediate absorption and appropriation, and will largely aid in the formation of better blood, muscle and nerve.

When this point is reached, Doctor, you can say with Shakespeare :

"There's nothing ill can dwell in such a temple."

THE ASSOCIATED PHYSICIANS AND SURGEONS,

(INCORPORATED)

Fifth Avenue, corner 21st Street, New York.

A Corporation duly organized for the purpose of performing the clerical, financial and legal work necessary to the proper conduct and protection of the business affairs of Medical Practitioners; the work to be done either in the name of the Subscriber or the Association, as may be desired.

As it deals exclusively with the business affairs of the Medical Profession, an Advisory Board of Physicians moulds the policy of the Corporation to meet the needs and requirements of the Profession, while that policy is executed in detail by business men especially fitted for the work to be done.

A subscriber has placed at his disposal, expert book-keepers and stenographers, who call at his office sufficiently often to at all times keep his work in proper condition.

Accounts are presented as requested, either by mail or personal collector.

Prompt and intelligent service rendered on all doubtful accounts.

Claims against Estates are timely and properly presented and collected.

Associate Attorneys in every City facilitate the collection of accounts in other States and Foreign Countries.

Special reports regarding the financial standing of patients rendered.

Loans negotiated.

Leading Counsel who make a specialty of Medical Jurisprudence are retained by the Association to furnish legal advice.

A representative will call at your office at your request to explain more fully the methods of the Association.

MEDICAL PRIZES.

Prize of the Medical Society of the County of New York.

RULES GOVERNING THE AWARD OF THE PRIZE.

1st. The prize shall consist of a gold medal 150 grammes in weight, (or $100 in cash,) which shall bear upon one side the seal of the Society, and on the other the following: Awarded as the annual prize, by the Medical Society of the County of New York, to ——————for an essay on——————

2nd. The essays shall be handed to the Committee on Prize Essays, on or before the 1st of October in each year.

3rd. Each essay shall be accompanied by a sealed envelope containing the name and address of the author and bearing on the outside the motto which is inscribed upon the essay.

4th. The writer of each essay is expected to present his dissertation in a plain and distinct handwriting, and with the pages bound in book form.

5th. Any clue by which the authorship of an essay is made known to the committee will debar such an essay from competition.

6th. Other things being equal, preference will be given to essays which exhibit original work on the part of the author.

7th. The Society does not consider itself as approving the doctrines contained in any of the essays to which the prize may be adjudged, and, in case of publication of a successful essay, the author shall be considered bound to print the above in connection therewith.

8th. The selection of the subject upon which to write will be left open to the competitors, but will be restricted to the field of what are called the departments of medical study.

9th. The Society will return to unsuccessful competitors their essays, if called for within six months after the award has been made.

10th. The committee is empowered not to award a prize in case none of the essays are worthy thereof.

11th. The prize is restricted to members of the Medical Society of the County of New York.

12th. The Society reserves to itself the right to require that the e-say, for which a prize is awarded, shall be read before the Society, previous to being placed at the disposal of the author—(*vide* Committee on Prize Essays).

Stevens Triennial Prize.

The prize is open for universal competition. Established by the late Alexander H. Stevens, M. D. Awarded triennially. Amount $200. The administration of the prize is entrusted to a commission consisting of the President of the College of Physicians and Surgeons (ex-officio), the President of the Alumni Association (ex-officio) and the Prof. of Physiology in the same institution.

The prize is awarded to no essay unless it includes the results of original research by the writer, upon the subject chosen.

Essays on either of the following subjects must be sent to the President of the College of Physicians and Surgeons, New York, on or before the 1st day of January, 1894. The prize for 1894 will be given to the best medical essay submitted upon any subject the writer may select. Each essay must be designated by a device or motto, and must be accompanied by a sealed envelope bearing the same device or motto, and containing the name and address of the author.

The envelope belonging to the successful essay will be opened and the name of the author announced, at the annual commencement of the college in May, 1894.

Prize of the Medical Society of the State of New York.

Merritt H. Cash Prize of $100 is offered for the best essay on any subject, pertaining to the science or practice of medicine. The essay to be sent on or before December 1st, of any year to any member of the Prize Committee, who are empowered to reject all judged unworthy of the award.

By vote of the Society this prize will be awarded only to members of the various County Medical Societies—(*vide* Committee on Prize Essays of State Society.)

The duration of human pregnancy is about 275 days. This is subject to some variation, and the longest period is still undetermined. As labor occurs in the larger proportion of cases between 270 and 290 days from the last menstruation, it is usual to reckon either from the first or last day of this period, taking as the mean 280 days, or a little over nine calendar months. For this approximate calculation the first day of the menstrual period may be used as being more readily ascertained. The table presents at a glance the beginning and end of 280 days for every day of the year. Find the date of menstruation in the upper line of the horizontal row, and the figure below, with the corresponding month, will indicate 280 days. In leap year, if the period of pregnancy includes February, the time for labor will be one day earlier than that given in the table.

STRICTLY PROFESSIONAL

HYDROLEINE

(HYDRATED OIL.)

Produces rapid increase in Flesh and Strength.

FORMULA.—EACH DOSE CONTAINS:

Pure Cod Liver Oil, ...	80 m. (drops)
Distilled Water, ...	35 "
Soluble Pancreatin, ...	5 Grains.
Soda, ...	1-3 "
Salicylic Acid, ...	1-4 "

UNIVERSALLY PRESCRIBED.

IT is sought to introduce **this invaluable therapeutic agent** exclusively on its **merits,** and for that reason the Profession is appealed to **only through the columns of Medical Journals.**

HYDROLEINE is a purely *scientific preparation* for the cure of *incipient consumption* and all forms of *wasting disease.* Its formula is well-known, and it has the endorsement of *Leading Physicians* throughout the United States. The therapeutic value of this *invaluable curative agent;* its unquestionable success and its *perfect reliability* in cases of *emaciation* occasioned by *a decay of the vital tissues*, makes the prescribing of **HYDROLEINE** one of the necessary requisites of the successful practitioner. This great remedial agent is *thoroughly palatable*, is *easily digested;* it produces rapid increase in *flesh* and *strength*, and at once inspires the patient with a *substantial hope of a speedy recovery.* This is assured by the *fact* that the *vitalizing principle* underlying **HYDROLEINE** is to *arrest decomposition in all its stages.*

HYDROLEINE has for the basis of its formula pure NORWEGIAN COD LIVER OIL, and one teaspoonful of this preparation will give MORE SATISFACTION than three teaspoonfuls of the many usually prescribed emulsions.

SOLD BY DRUGGISTS GENERALLY.

C. N. CRITTENTON,

Sole Agent for the United States. **115 & 117 Fulton Street, N. Y.**

A Sample of Hydroleine will be sent free upon application, to any physician (enclosing business card) in the United States.

"Each hath his place and function to attend."—*Shakespeare.*

We again cite our much-quoted, but ever fresh authority, this time to illustrate the principle upon which LACTOPEPTINE is prepared, and to put in evidence the reason why it is so manifestly superior to Pepsin alone. Pepsin acts only upon proteid food stuffs, Pancreatin only upon starches and fats; when administered together and in conjunction with Ptyalin and Lactic and Hydrochloric acids in a physiologically proportioned and blended combination, as in LACTOPEPTINE, all classes of food are alike subjected to its potent digestive influence. Each place is filled and each function is attended.

You will probably say, Doctor, "this is plausible reasoning." Yes, not only plausible, but true. You can prove its truthfulness by sending for sample.

CONTAGIOUS DISEASES.

REGULATIONS OF THE BOARD OF HEALTH.

SECTION 98. 1. Whenever it becomes known to the principal or teacher in charge of a school that a contagious disease prevails in a house, other than a tenement, in which a child or children attending the school lives or live, such child or children shall be immediately excluded from the school, and shall not be readmitted except as elsewhere in this section provided.

2. Whenever the principal or teacher in charge ascertains that a contagious disease or other than smallpox or typus fever exists in a tenement house, but on one floor only, a child or children living on another floor of the same house need not for this reason be excluded, but children thus situated must be questioned daily about their health and that of their respective families, and must be sent home at the first symptom of illness, or the first intelligence of contagion in their families.

3. But if a contagious disease of any description exists on more than one floor of a tenement house, or if the disease existing on only one floor be smallpox or typhus fever, all children living in the house must be promptly excluded from the school.

4. Children excluded in pursuance of the above rules shall not be again permitted to attend school—

In case of scarlet fever, until three weeks after the *beginning* of the last case, on the floor or in the house, according to whether the exclusion has applied to the floor, or an entire house under the above rules.

In case of measles, until two weeks after the *beginning* of the last case on the flooror in the house according to the extent of the exclusion.

In case of diphtheria, until one week after the *termination* of the last case, on the floor or in the house, according to the exclusion.

In case of scarlet fever, measles, or diphtheria, until a certificate of the Board of Health is produced, stating that the apartments, bedding, and clothing affected by the contagion have been properly disinfected.

If the disease be smallpox or typhus fever, children who have been in such a case excluded must not resume their attendance without producing a certificate from the Board of Health, stating that it is safe for them to do so.

5. New scholars applying for admission, living in houses or on floors where a contagious disease prevails, must be admitted or excluded in compliance with the above rules.

6. Principals and teachers in charge are required to communicate to the Clerk of the Board of Education any information received by them relevant to this subject not known to be in his possession.

7. Hereafter, all children attending the schools under the control of this Board, and residing in orphan asylums, infirmaries, homes, nurseries, or other institutions, shall regularly furnish to their respective principals weekly certificates signed by a duly licensed and competent physician of good standing, to the effect that during the week preceding the date of such certificate there were no contagious or infectious diseases of any kind in such asylum, infirmary, home, nursery, or institution, and no principal shall allow the attendance at school of any such children unless the certificate herein required is furnished as aforesaid; and all such certificates shall be preserved by said principals for one year.

8. If the certificate should show that there was any such disease in such orphan asylum, infirmary, home, nursery, or institution, or if any principal should, from any other source, ascertain the existence of any such disease in any such orphan asylum, infirmary, home, nursery, or institution, such principal shall forthwith dismiss from attendance all pupils residing in such orphan asylum, infirmary, home, nursery, or institution, and such pupils shall not be allowed to attend until authorized by the committee on By-Laws, Elections and Qualifications of the Board of Education.

ABSTRACTS FROM BY-LAWS.

Article II.—Object.

SECTION 1. The object of this Association shall be to afford pecuniary aid to such persons as its deceased members shall have designated in their application for membership, or by will; or in the absence of such designation, to the legal heirs of its deceased members.

SEC. 2. Pecuniary aid may be furnished to the members in case of urgent need, out of the interest of the Permament Fund, or as provided for in Article VII., Sections 6 and 7.

Article IV.—Membership.

SECTION 1. Any member in good standing, of the regular medical profession of the State of New York, who is in good health and in actual practice, or is a teacher or professor in a medical school, is under 50 years of age, and who shall have passed a satisfactory medical examination, may be admitted to membership in this Association by a vote of a majority of two-thirds of the Trustees present, at least five affirmative votes being necessary, and on paying an initiation fee of two (2) dollars if under thirty (30) years of age; three (3) dollars, if over thirty (30) and under forty (40) years of age; and four (4) dollars, if over forty (40) and under forty-five (45) years of age; and five (5) dollars if over forty-five (45) and under fifty (50) years of age, and a first assessment, as provided for by Article V., Section 1, and signing the By-Laws or a suitable voucher within thirty days after he shall have received notice of his election. This voucher shall be kept on file by the Treasurer.

$1000.00 is now paid to beneficiaries of deceased members. The Permanent Fund at the close of the last fiscal year was **$17,363.51**.

A representative of the Association will be at the Academy (Library floor), Monday and Thursday evenings at 8.30.

"DIET HIS SICKNESS."

— *Comedy of Errors.*

In years agone "dieting" meant something very different from the modern acceptation of the term :

Then it meant
STARVING.
Now it means
RECONSTRUCTING.

A weakened nutrition affords a favorable opportunity for the development of pathogenic processes. Therefore in order to circumvent disease, one must fan the vital flame until it becomes a vigorous fire.

LIQUID PEPTONOIDS possesses all the essential qualities requisite for the enhancement of nutrition. It is ready for immediate absorption and appropriation, and will largely aid in the formation of better blood, muscle and nerve.

When this point is reached, Doctor, you can say with Shakespeare :

"There's nothing ill can dwell in such a temple."

Pronounced by Authority

A TONIC REGULATOR AND ALTERATIVE.

In its effects in Rheumatic ailments and Kidney trouble, I have never found anything so satisfactory.
J. E. GILMAN, M. D., Chicago, Ill.

I believe that we have no medicinal water in this country or in Europe that can compare with it.
MARK NIVISON, M. D.,
208 W. 42d St., New York.

I would particularly mention its action in cases of Diabetes, and Nervous Dyspepsia, diseases which so often prove difficult to relieve.

This College is now in the nineteenth year of its existence. Many Professors of its Faculty have been engaged in teaching veterinary science for *over twenty-five years*, and it offers to students advantages unequalled by any other college.

The system of instruction embraces a thorough Didactic and Clinical Course. The American Veterinary Hospital, which is a branch of the College, has treated since its opening over 49,000 cases. It is utilized for the clinical instruction of matriculates and affords unrivaled facilities.

The regular term opens in the beginning of October, and closes at end of March. For further information or catalogue address A. LIAUTARD, M.D., V.M., Dean of the Faculty, 141 West 54th St.

REQUIREMENTS FOR GRADUATION.

CHAPTER 443, LAWS OF 1888.

SECTION 5. The said trustees and their successors shall have the power to confer the degree of Doctor of Veterinary Surgery, and issue veterinary diplomas to only such students as shall have attained the age of twenty-one years, shall be of good moral character, shall have received a good English education, and pursued at least a full three years' course of medical and veterinary study after the age of eighteen years, *including* attendance upon *three regular sessions of medical and veterinary lectures* in a regularly incorporated veterinary college or veterinary or medical department of a college or university, the last of which sessions of study shall have been at said American Veterinary College, and shall have passed the examinations prescribed by the rules and regulations of the American Veterinary College.

Graduates of incorporated *medical* colleges and graduates of veterinary medicine, will be required to attend one regular session of lectures in this College.

Graduates of agricultural colleges will have an allowance made them for such branches as they may have attended on subjects embraced in the curriculum of this College (viz., the fees of such lectures), provided they can pass a satisfactory examination on said branches *immediately after matriculating*. The same privileges are granted to regular graduates of colleges of pharmacy.

SKILLED

Male and Female Operators Supplied to any part of the City or Country on the Shortest Notice.

The purpose of these Schools is:

I.—To counteract, as far as possible, the ill effects produced upon the public mind by Massage and so-called Swedish Movement "cure" charlatans, whose incompetency and presumption have gone far to disgust the medical profession and to mislead others in regard to the real therapeutical advantages of the art.

II.—To put into this field of auxiliary usefulness a class of systematically trained male and female operators of good moral character and possessing all the NECESSARY requisites of health, disposition, physique, and training. A certificate of qualification is granted to successful graduates by the Instructor and signed by not less than two medical men, constituting a Committee of Examiners.

III—To offer advantages to ladies and gentlemen desirous of acquiring some knowledge of the art themselves for use in their own families, *or for having their maids or valets taught.*

Instructor,

Formerly Surgeon *S. S. McGregor* and *Micado*, of the Australian Pacific Mail Company's Service.

THE IDEAL FOOD.

A preparation of Powdered Milk so treated during the process of manufacture that it is the easiest digested food ever produced. It is very palatable and nutritious, and will be relished and retained where all other kinds of nourishment are rejected.

CARNRICK'S KUMYSGEN is especially valuable in the nourishment of invalids and persons suffering from Wasting Diseases, Consumption, Diabetes, Bright's Disease, Dyspepsia, Catarrh of the Stomach and Bowels, Cholera Infantum, and all Irritable Conditions of the Stomach, such as Persistent Vomiting, Gastritis, Cancer and Ulceration of the Stomach, &c. It increases weight, strength and flesh far more rapidly than any other food, or Cod Liver Oil.

It is the consummation of all practical and experimental ideas in the production of a perfect food for invalids and the sick. Millions of dollars have been expended in efforts to reach this degree of perfection. Until KUMYSGEN was produced, no food for the above purposes had been presented in any part of the world but what contained one or more objections. Some were not nutritious, others not palatable, others were difficult to digest, and all were expensive to use. None of these objections apply to KUMYSGEN.

——SEND FOR LITERATURE.——

A Regular bottle of KUMYSGEN will be sent any Physician prepaid, on receipt of seventy-five cents, which is about one-half its retail price. KUMYSGEN is now put up only in Regular and Hospital sizes. Every bottle of the Regular size is an improved Siphon bottle of larger size than formerly.

KUMYSGEN is much less expensive than ordinary Liquid Kumyss to prescribe, and its keeping qualities are perfect, while the latter spoils in a very short time.

REED & CARNRICK, NEW YORK.

GRIFFITH & CO.'S

COMPOUND MIXTURE OF GUAIAC, STILLINGIA, ETC.,

With Salicylates of the Alkalies and Alkaloids, and Iodide of Potash, acting as a Powerful Alterative Medicine.

After ten years of thorough trial is now considered by Physicians to be the standard remedy for Acute and Chronic Rheumatism, in all its forms, Neuralgia, and kindred complaints.

To Physicians: This preparation has been in constant use by many prominent practitioners of medcine for several years, and its beneficial results in the treatment of the diseases indicated, including Syphilitic troubles, have been fully established. When ordering this preparation, in order to avoid delay or misunderstanding, physicians will please specify "GRIFFITH & CO.'S.," or physicians in this city can send their patients direct to our pharmacies, at No. 67 3d Ave., cor. 11th St., or No. 2241 3d Ave., cor. 122d St., New York, where at any time, further information will be cheerfully furnished. Out of town physicians can order through their druggists or direct from us.

We have hundreds of testimonials from prominent physicians who have prescribed and personally used this mixture. It is manufactured for PHYSICIANS' PRESCRIPTIONS only. Always specify GRIFFITH & CO.'S. If you have an obstinate case of Rheumatism under treatment, enclose one dollar and receive by express, a regular size bottle, or we will send, upon request, a sample bottle, providing you will pay express charges.

Wholesale Price List: 8-ounce size, $10.50 per dozen; 16 ounce, $20.00 per dozen. In lots of a dozen and upward we pay express charges to points east of Rocky Mountains.

(DO NOT overlook this offer, for you may be pleased and possibly surprised at the result for the general verdict of the profession is that if this remedy fails to act on a case, it is a difficult matter to find anything that will.)

P.S.—The advertising of this article is confined strictly to Medical Journals.

THE

HOME LIFE INSURANCE COMPANY

owing to prudent and conservative management, is to-day the strongest Life Insurance Company in the world. It has a larger percentage of assets over liabilities than any other Company and consequently its

DIVIDEND EARNING CAPACITY IS UNEQUALED.

Since its organization, 33 years ago, it has paid an amount equal to 48 per cent. of its present assets to policy holders in dividends, making it the largest dividend paying Company in the United States. The interest realized has paid all losses since organization. Its policies are issued at the lowest rates and on the most liberal terms. They are

TYPHOID FEVER.

CAUTION.

Beware of a substitute Malt Extract put up in a squatty bottle with names "Johann Hoff" and "Moritz Eisner" on neck. This new firm, trading under the name of "Johann Hoff," for which the Eisner & Mendelson Co. are agents, were found

GUILTY of publishing a fictitious court decision, of uttering a false **GUILTY**

affidavit, by the Berlin Court, the Prussian Royal Landgericht, for the purpose of extending the sales of their substitute preparation.

What confidence can be placed in statements made by a firm found guilty of such practices?

In order to protect yourselves and unwary patients against substitution always specify

Tarrant's when prescribing **Hoff's Malt,**

which alone will insure the genuine article being supplied.

ORDINARY MASS PILLS

Frequently suffer but little change in passing through the alimentary tract. While this is sometimes due to an abnormal condition of the digestive secretions, it can usually be traced to the fact that all excipiated pills harden and become insoluble with age, frequently assuming an almost horny consistency.

Upjohn's Friable Pills & Granules

Having a very soluble, thin coating, inclosing an exact quantity of the pill ingredients in powder form, are quickly disintegrated by digestive action. Containing no excipient, this soluble condition is permanent. As the physician has no means of knowing how long a pill has been made before it is dispensed on his prescription, these advantages are manifest.

The fact that our goods are generally introduced insures their being supplied when specified.

PANOPEPTON

Bread and Beef Peptone.

In Panopepton we present to the profession a new, complete and perfect peptone, one which we are confident will meet every requirement. Panopepton is the entire edible substance of prime lean beef and best wheat flour, thoroughly cooked, properly digested, sterilized and concentrated in vacuo.

Panopepton is therefore, the quintessence of peptones, containing all the nutrients of these two great types of food, beef and bread, fused into a delicious restorative.

Panopepton is the food *par excellence* in all conditions where a fluid, quickly assimilable, agreeable and comprehensive nutriment is required.
